BOBP Breeze

Newsletter provides a comprehensive account of the activities of the IGO and includes featured articles like reflections from yesteryear associates, perspectives on contemporary issues, study reports based on policy research, impacts of BOBP initiatives, and viewpoint, an editorial commentary on emerging opportunities.

Project Report

BOBP-IGO has successfully initiated and executed numerous projects during the period 2022-2023. The comprehensive results and insights derived from the projects are documented in the form of detailed project reports.

Event Report

HULA DEBIKLT

PRISKA GREEN

BOBP-IGO has organized several international conferences, panel discussions, and other events, and has published reports to enhance its impact

a cais

Waves of Art

The Waves of Art is a social art initiative of BOBP-IGO, under which art or sketching events are conducted on various themes related to sea fishing and fishermen, joining hands with enthusiasts and sponsors.

Policy Brief

60.00

BOBP-IGO has published various policy briefs on climate change and Insurance, contributing valuable insights and expertise to inform decision-making processes.

Training Manual

As part of its Capacity Development Initiative, IGO has conducted several training programs and published training manuals. It aims to empower individuals and institutions within the region, fostering skills and knowledge transfer.

Research Publications

Scientists from BOBP-IGO have actively participated in and contributed to several research projects. Their endeavours extend to publishing papers in esteemed peer-reviewed journals and contributing to various books in the form of book chapters.

The Bay of Bengal Programme Inter-Governmental Organisation (BOBP-IGO), set up in 2003, is a regional fisheries advisory body (RFAB) with Bangladesh, India, Maldives and Sri Lanka as its member countries. The Organisation evolved from the erstwhile Bay of Bengal Programme of the Food and Agriculture Organization of the United Nations (FAO) founded in 1979.

The BOBP-IGO is mandated to enhance cooperation among its member-countries as well as other countries and organizations in the Bay of Bengal region and provide technical and management advisory for sustainable fisheries development and management.

BOBP-IGO is committed to contributing towards accelerating the transformation of the fisheries sector of this region towards real-time, evidence-driven, and ecosystem-based management, leveraging our global knowledge networks and effective partnership with the national governments and their constituent research and academic institutions.
